This was our first time using QTCO. Tori and the team were very helpful and accommodated our last minute order with no hesitation. We will definitely be using QTCO. again. A visit to their showroom is a must for branding ideas and products. Thank you Tori!

Hi CTPI – that's made my Thursday!

The customer service to arrange delivery direct to us is so appreciated as well!

Next Tuesday will be perfect for delivery, if you could give me a call on CTPI on arrival to 1 William Street I will arrange for a few colleagues to assist getting the cartons inside.

Any time after 10.30am should work. Let me know if you have a preference. If you pull into the vehicle drop off zone outside 1 William Street that would be perfect.

Thank you!

Hope you have been well.

Just touching base to see if you had an ETA on both of our shipments? We are just organising staff travel to Bundaberg for next weekends event, and hoping to understand if we might have them in time to pop on a truck or if we will need to plan for taking on the plane with us.

Hi **CTPI**

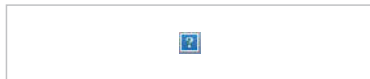

Thanks so much for the good news on a split delivery to meet our deadlines. I've brought the updated quote to the project team, and it has been approved in principal.

I just need to hear back from our procurement team on next steps – hopefully first thing tomorrow so we can hit go. Can you please confirm that the Payment Terms and Conditions at the bottom of the quote are your complete T&Cs?

I am also pleased to e-introduce you to Alice Lane, Team Leader, Engagement and Partnerships who will make time tomorrow to give you a call to discuss sponsorship. Let me know if a particular time suits best.

Be in touch tomorrow & thanks again for all your assistance so far.

Hi **CTPI**

Some great news, we've received program approval and would like to press go on the bucket hats.

Before we do, seeking to understand what will work best for our timelines, perhaps a split order/delivery?

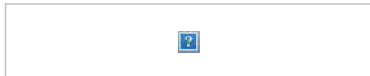

We have our first event on Saturday 9 May, followed by another 2 before the end of May, so would be looking at needing **CT** bucket hats before May.

Would it work to get the first **CT** delivered ASAP and then the rest by early June?

Please don't hesitate to give me a call as I can share some of the other dates to see what will work best from both sides.

Our team is leaning more towards a slightly bigger size (for 3-5 year olds), the next size up would be 52cm is that correct? And would that affect the price?

Hi CTPI

Thank you very much!

Regarding the requested colour code, our designer has come back with the following:
I don't have the PMS code for one of them.

CMYK: 93 64 0 0 - PMS Code = 300C.

Bit of a play on colours/printer from my side, might get confusing.

1. PMS 300C is the colour we gave them to use as a reference to get a match with the blue fabric swatches they had already
2. **CMYK 93 64 0 0** is the CMYK value for PMS 300C
3. The reason I gave the CMYK value is because I thought they were going to custom print/die fabric swatches for us

SO - if they visually chose a blue that matched our PMS, I want to see what printing the CMYK would look like.

4. The second **CMYK 93 64 0 20** - I don't have a PMS colour for. Technically, it's the same blue as the other CMYK value just with more black.

Please feel free to reach out to **CT** directly on **CTPI** should you wish to further discuss.

We look forward to receiving a sample of the attached early new year.

For the CYMK colour codes provided for the additional swatch colours are you able to advise the PMS colour code as it's a consistent colour reference in manufacturing.

Hi CTPI

Artwork now attached as a vector. The Koala only has four colours - for the printers.

The two custom colours (CMYK) that we would like swatches for are:

1. CMYK: 93 64 0 0
2. CMYK: 93 64 0 20

Happy to send a pdf instead of an illustrator (.ai) file if required, just let us know.

Thank you for the update quote. I will share this with our team.

Hi Ellie,

I should be able to receive a sample to me by Friday.

When would you need the sample by to make a final decision for the order?

I've also resent the quote as it expired this afternoon, but I also updated some information on the quote.

Please note that for a full sublimated hat, the material will need to be 100% Polyester with eyelets as it is not possible to subliminate onto a 100% Cotton.

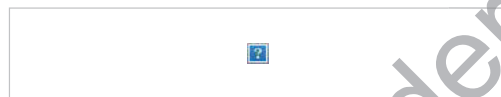

If you just require screen print on the front, then the hat will be 100% cotton with eyelets.

Let me know if you have any questions. I look forward to hearing from you soon.

The latest contract disclosure data is out for the premier's department.

Sec. 73

It also shows on March 30, the government signed a \$44,963 contract with a company called the Queensland T-Shirt Co Pty Ltd.

We are after details about the contracts. I have listed questions below. My deadline is 3.30pm.

Thanks,

Sec. 73

Questions about contract with Queensland T-Shirt Co Pty Ltd

1. Why did DPC sign a \$45,000 contract with Queensland T-Shirt Co Pty Ltd? What does this contract relate to? Why did the government engage these services?
2. How many t-shirts will this buy and what are the t-shirts for? Are they for Queensland Day?
3. How is this a good use of taxpayer funds? Why is it necessary?
4. Who will get to wear the t-shirts?
5. What designs do the t-shirts include?
