Good morning Mainaaz,

I refer to the right to information application received on 31 May 2018, from Piper Alderman seeking access to:

*Copies of all documents, electronic or physical, created for or in relation to the ministerial meetings described in Appendix A, being selected meetings of the Hon. Curtis Pitt from January 2015 to June 2016.*

*The documents requested include but are not limited to all meeting agendas, minutes, handwritten notes, spreadsheets, presentation material, discussion points, internal and external memos, emails (and their attachments), other correspondence, file notes, resolutions and or other documents created before, during or after each meeting to record the purpose and/or outcome of each meeting.*

*The selected meetings were scheduled for the Hon. Curtis Pitt in his capacity as the Queensland Government shareholder of CS Energy Ltd and Stanwell Corporation Ltd throughout 2015 and 2016. The specific meetings have been extracted from the MP's ministerial diary in Appendix A.*

*The type of documents you are seeking:  
Agenda's minutes, notes, spreadsheets, presentation material, discussion points, internal and external memos, emails, correspondence, file notes, resolutions.*

*The date range: January 2015 - June 2016*

A complete copy of the application is attached for your reference.

Third party consultation has been undertaken with CS Energy and QTC regarding the release of certain documents relevant to this application. QTC advised they had no concerns with the release of the information subject to their consultation. CS Energy expressed concerns with the release of most of the relevant information contained within the Treasury briefing notes as well as their presentation concerning the sale of Callide Mine. I have reviewed the concerns raised by CS Energy and the documents in issue and I am in agreement with the non-disclosure of the documents in issue.

I have also marked up the documents in accordance with the concerns raised by Commercial Group.

Please find attached a release version of the documents as well as Schedule of Documents for your review.

**Due Date of Decision: Friday, 27 July 2018**

The applicant will be receiving a copy of the decision schedule and the release documents (attached) as proposed for release on the due date detailed above.

**Subject:** Documents ready for release - Right to Information Application - OPP823 Email 1 of 2

Good afternoon Mainaaz,

I refer to the Right to Information (RTI) application from the Office of the Leader of the Opposition for access to:

All documents in relation to TerraCom/Orion Mining/Blair Athol Coal mine and Madison Pacific Trust.

Date range: February 2016 to January 2018.

This is an application for access to documents that are held with the Deputy Premier's Office.

Please find attached the documents that are proposed to be released to the applicant. I have split the file into four separate parts as the file size is nearly 40mb. I will be sending the documents in two separate emails. Parts 1 and 2 are attached to this email.

The decision on this application is due on Friday, 16 March 2018.

Third party consultations was undertaken during the processing of this application.

A Charges Estimate Notice was not issued to the applicant as it was determined that the processing of this application was within 5 hours. The factors that were taken into consideration in not issuing a Charges Estimate Notice was the amount of documents considered relevant, the content of the documents, and the amount and complexity of consultations with third parties.

Can you please advise me by **midday, Friday, 16 March 2018** if you have any concerns about the attached documents.

Kind regards  
Megan

Hi Mark

As requested attached is the updated briefing note and an attachment on issues raised by CS Energy. We've provided a response to each of those issues, and very happy to discuss any questions or clarifications you may have.

This is on its way up through the approval chain, but as it's a shareholding Minister brief, will have to head across to Minister Lynham as well.

Hi Mark

Might be a few wires crossed on this one. We are happy to share, and sent the letter across to DNRME for comment earlier today.

We have taken a pretty straight bat on this response. I understand DNRME might want more in there. Considering the Technical Working Group, Just Transition work, and negotiating process to come, we'd prefer to keep this letter fairly broad to keep options open for this work.

However, as discussed with you last week, we're putting together a brief on some of the issues raised by CS Energy for Ministers' information. Hopefully we'll have that up to you in the next day or so, along with the letter through formal channels.

Happy for any advice or thoughts.

Was chasing the working draft of the response to the CS Energy letter as discussed last week; DNRME has just informed me that the response is coming from Treasury who aren't comfortable sharing at this stage. Might be worth getting a copy at your end.

Hi Mark

As requested attached is the updated briefing note and an attachment on issues raised by CS Energy. We've provided a response to each of those issues, and very happy to discuss any questions or clarifications you may have.

This is on its way up through the approval chain, but as it's a shareholding Minister brief, will have to head across to Minister Lynham as well.
