Hi Tess

Gerard Coggan, ED within DSD has indicated a number of times that the company has still not provided the due diligence information required to enable the grant of funding to be finalised by DSD. It will also need to go through the formal Jobs and Regional Growth panel (Mark is a co-chair on that panel). Gerard and his DDG, Toni Power could assist if further details on the issues there are required.

I see no particular problem with a media release if that is desired (careful wording required), but a Statement of Intent could appear to commit the state without the proper due diligence and formal grant proposal process having been undertaken. Further the grant is between the State and Imperium3, and not sure if Townsville CC should be a signatory (if that is intended?).

Gerard's number for further information is CTPI - Mobile - Personal Information

For the brief; can there just be line the TCC has proposed a heads of agreement signing while in Boston, however, this won't proceed because of DSD advice X ?

Subject: Imperium3

Hi Virginia, Tess, Peter and David

As you may know, Ec Pol prepared the Imperium3 brief in conjunction with DSD to assist the Trade mission preparation. We understand this meeting was set up with David at the request of the Townsville City Council and we prepared information on the background to the project. We also understand Townsville CC is proposing to sign something at the meeting in Boston, and apparently Stephen Beckett from Townsville CC indicated to DSD he has raised this with yourselves? He did not let DSD know what is being signed or planned.

So that we can amend and finalise the brief is someone able to confirm what may have been agreed? DSD said that it cannot be the \$3.1 million assistance agreement between DSD and Imperium3 because Imperium3 is yet to provide and finalise its due diligence information. Therefore it may be an agreement between Townsville CC and Imperium3?

Grateful for any help and we will then urgently amend the brief accordingly.

Regards

Ross
